# The Ultimate in Free Standing Gas Stoves for New Home Construction or Renovation

Your best choice for installation anywhere throughout your home.

Enjoy the elegance and warmth of glowing embers and dancing flames around our fibre oak log set. It is sure to be the focal point of your home. Choose from a variety of decorative options to create your own distinctive appearance and be assured of complete safety, comfort and long lasting value from a manufacturer of wood and gas fireplaces with more than 30 years of experience.

### Minimum clearances to combustibles:

- 6" from side of unit
- 3" from back of unit
- 3" from side of unit in corner

### Alcove installation:

- 30" depth (max.)
- 55 1/2" height (min.)
- 52 1/2" width (min.)

Model	BTU-Input	Efficiency	FE (P4.1-02)
FDV300N	32,000 - 22,000	75%	53.1%
FDV300LP	28,000 - 21,000	76%	60.9%

\* By using our B-Vent Converter (F35BVC), the FDV300 direct stove is converted to a vented appliance.

### Features\*

- Millivolt Valve system allows operation during a power failure with Hi-Low heat and flame adjustment
- Dual burner system, with realistic flame pattern
- Heat radiating ceramic glass
- Direct Vent models are mobile home approved
- Approved for installation in a bedroom or bed sitting room
- Fibre Oak Log Set with glowing embers

### Optional Features

- Heat activated blower with variable speed control
- Brick refractory liner (3 pieces)
- Remote Control On/Off or Thermostat
- Millivolt Wall Mount Thermostat
- Programmable Millivolt Thermostat
- Choice of colors – Black, Porcelain Enamels in Almond, Black, Green and Brown

When using an existing woodstove chimney, Kingsman's B-Vent Converter along with a flex liner is used to convert the direct vent system into a vented appliance.

Porcelain Enamels				
Almond	Black	Green	Brown	Black

Kingsman Industries maintains a program of continuous testing, refinement and improvements of all its products. Some aspect of units shown here may be changed at any time without notice or obligation.
